Introduction to Real Analysis 4th Edition amazon com

For undergraduate students, this book is one of the best introduction to Real Analysis. The nice thing about this book is there are many good examples for each Theorem which help you reinforce what you just read. I've been using this book for my first course in Introduction to Analysis, and I'm in love with it. The structure of the book is also very organized, and exercises are very relevant to each chapter. Excellent book for Introduction to Real Analysis.
